

## 2020-21 Academic Summer Guidelines

Summer appointments for the current year must adhere to these guidelines. Inquiries to the Vice Provost for Faculty and Academic Affairs Office regarding unusual situations prior to the forwarding of an eDoc can do much to prevent later problems and delays in approval. Permission to go beyond the 11-week (27.5%) limitation must be requested from the Vice Provost for Faculty and Academic Affairs prior to appointment. Note that the University has adopted a standard FTE per credit hour for adjunct summer instruction. The specific credit hour and standard hour conversion for adjunct faculty appears below. Units will use the “**Create Summer Pay**” eDoc to establish summer commitments.

### Faculty Teaching

Summer school course lengths are set by the academic unit offering the course. Pay is normally by 3-credit course, varying only if courses are offered for fewer or more than 3 credits. Teaching in the summer sessions is to be compensated at the rate of 11% of the preceding academic year rate per 3-credit course. The salary schedule in terms of standard hours and percent of previous academic year rate is as follows:

<u>Course(s)</u>	<u>Session</u>	<u>Effort</u>	<u>Percent Pay of Base</u>
One 3-credit hours	Four weeks	40 standard hours – 100%	11%
One 3-credit hours	Six weeks	20 standard hours – 50%	11%
One 3-credit hours	Eight weeks	20 standard hours – 50%	11%
One 3-credit hours	Twelve weeks	10 standard hours – 25%	11%

Teaching two 3-credit courses during a summer is considered a full summer load; compensation for a full summer load is 22% of the preceding academic year rate; summer standard hours may not be greater than 100% during any period of appointment. Appointments beyond the norm may be made in cases of institutional need to a maximum salary of 32.5% of the preceding academic year rate.

### Adjunct Faculty Teaching

The University standard hours/effort per 1 credit-hour for adjunct summer teaching is 4 standard hours. An adjunct faculty may teach a **maximum of 6 credit** hours over the combined summer sessions for a total of 24 standard hours.

<u>Course(s)</u>	<u>Session</u>	<u>Effort</u>
One 3-credit hours	Four weeks	12 standard hours – 30%
One 3-credit hours	Six weeks	12 standard hours – 30%
One 3-credit hours	Eight weeks	12 standard hours – 30%
One 3-credit hours	Twelve weeks	12 standard hours – 30%

### Non-Teaching

The normal summer appointment for activities other than teaching, on general funds or on outside (contract or grant) funds, is two calendar months (nine weeks) full-time at a salary rate not to exceed 2.5% per week based on the preceding academic year rate, or 22.5% total. Appointments beyond the norm may be made in cases of institutional need (if on general funds) or project need (if on grant funds) and in the latter case if permitted by the funding agency, to a maximum of 11 weeks, 27.5% of the preceding academic year rate.

### Summer Exceptions

Summer appointments for teaching, non-teaching activities, or a combination thereof, which are full-time and in an excess of eleven weeks, may be approved by the Vice Provost for Faculty and Academic Affairs if recommended by the chair and dean, if institutional or project need can be demonstrated, if permitted by any granting agency involved, and if the standard hours do not exceed 100% during any period of the appointment. Permission to go beyond the 11-week/27.5% limitation must be requested from the Vice Provost for Faculty and Academic Affairs prior to appointment. The faculty member must be ready to attest that the entire period(s) of the appointment(s) will be spent working on the designated project(s)/course(s). In no case will an exception be granted beyond 13-weeks (32.5% of the previous academic year rate).

## Appointment Dates

Summer payrolls coincide with the monthly payroll cycle. The eDoc effective dates and payroll dates for appointments falling within a defined summer session will default in via eDoc session selection. Irregular summer appointments (i.e., not coinciding with a specific summer session) will require insertion of the appointment dates. The defaults and specific pay dates for the defined summer sessions are as follows:

<u>Session</u>	<u>Begin/End Date of Classes</u>	<u>eDoc Eff Dates</u>	<u>Pay Dates</u>
1 <sup>st</sup> four weeks	May 11 – June 4	May 11 – May 31	May 28 (100%)
1 <sup>st</sup> six weeks	May 11 – June 18	May 11 – June 18	May 28 (50%), June 30 (50%)
1 <sup>st</sup> eight weeks	May 11 – July 2	May 11 – June 30	May 28 (50%), June 30 (50%)
Twelve weeks	May 11 – July 30	May 11 – July 30	May 28 (33%), June 30 (33%), July 30 (33%)
2 <sup>nd</sup> four weeks	June 7 – July 2	June 7 – June 30	June 30 (100%)
2 <sup>nd</sup> six weeks	June 21 – July 30	June 21 – July 30	June 30 (50%), July 30 (50%)
2 <sup>nd</sup> eight weeks	June 7 – July 30	June 7 – July 30	June 30 (50%), July 30 (50%)
3 <sup>rd</sup> four weeks	July 6 – July 30	July 6 – July 30	July 30 (100%)

Summer research appointments on grants may be established beginning May 9, 2021 through August 15, 2021. The Create Summer Pay eDoc must show calendar dates of appointments for grants or contracts. To meet auditing requirements, the forms should show a five-day appointment for each 2.5% weekly rate applied, i.e., compensation for a nine-week appointment that begins on Monday must conclude on Friday nine weeks later. In conformity with the requirement of University Policy SPA-11-015, we are required to have faculty members confirm individual distributions of time and effort devoted to those activities for which they have been appointed and compensated. A particularly important aspect of this requirement is that those persons appointed on grants for 40 standard hours must certify that they devoted 100% of their compensated time on these sponsored projects. As usual, faculty members must be able to attest that they were engaged in the activities for which they received payment during the period of summer appointment.

## Student Academic Summer Appointments

1. Appointments are normally limited to a nine-week duration. If departmental needs and the student's academic program warrant a longer duration, appointments may be extended to a maximum of 13 weeks.
2. SAAs may work up to 40 standard hours a week over the summer without special justification. No appointment above 40 standard hours will be approved.
3. The rate of pay may be set freely at \$248 or above per-week for a 20 standard hour appointment which is equal to 2.5% of our 10-month academic year range of \$9914 at 20 standard hours. The rate of pay for a full-time (40 standard hours) appointment may be set freely at \$496 or above per-week.
4. In compliance with the Affordable Care Act, students who did not hold an appointment in the spring semester must be appointed on a **12-month student position (not summer position)** which will ensure health insurance coverage.
